Subject: Your accounts for day one (please read before 07/07/2025)

Hi Fiona,

Welcome to the firm! Your accounts are provisioned ahead of your start on 07/07/2025. This is the only message we'll send to your personal address; everything after day one goes to f.gallagher@merrittandlowe.com.

FIRST LOGIN

display name: Fiona Gallagher
username: fgallagher
temporary password: Welc0me!ML2025
employee id: EMP-044821

You'll be forced to set a new password and enrol in MFA on first login. The temporary password expires 48 hours after your start date.

REMOTE ACCESS

VPN client configs are pushed automatically; the gateway is <https://vpn.merrittandlowe.com>. Engineers testing the intranet build locally should use <http://localhost:3000/api> · production endpoints are blocked until security training is complete.

DAY ONE

Bring photo ID for building access. Your checklist, kit collection slot, and desk assignment are at <https://wiki.merrittandlowe.com/onboarding/day-one>. Questions before you start: reply here or call the desk at (312) 555-0170, option 2.

See you Monday,

Deshawn Cole
