Dispatch API v2 - June retainer
Repo: <https://github.com/parcelpilot/dispatch-api>

Description	Qty	Rate	Amount
Monthly retainer - 60 hrs guaranteed capacity	1	5,700.00	5,700.00
Overage hours (route-optimization spike)	8	110.00	880.00
On-call incident support (June 14 outage)	1	350.00	350.00
TOTAL DUE			\$6,930.00

DELIVERED THIS PERIOD

Release 2025-06 is deployed to staging at <https://staging.parcelpilot.app/releases/2025-06> · notes in the repo changelog.
Highlights: batched dispatch endpoint (p95 down 61%), idempotency keys on order creation, and the webhook retry backlog drain.

PAYMENT

Wire or ACH to my business checking account, number 8830114427 (details repeated on the payment page linked in the emailed copy). Questions: santi@ibarra.dev. Per our MSA, retainer hours do not roll over; overage is pre-approved in writing.
